

National HPV Vaccination Survey

On behalf of the National HPV Vaccination Roundtable, the American Cancer Society (ACS) is identifying organizations currently working to increase HPV vaccination. HPV vaccination is underutilized despite the overwhelming evidence for its safety and effectiveness. Increasing HPV vaccination is a national priority. ACS is reaching out to a broad array of organizations to assess the HPV vaccination activities that are taking place around the country. Your organization has been identified as one that may be engaged in HPV vaccination work.

Intro.

Did your organization engage in activities related to increasing HPV vaccinations in either of the following years?

- ☐ 2014
- ☐ 2015
- ☐ Both
- ☐ Neither

Below is a list of activities that may increase HPV vaccination. Indicate which activities your organization used in 2014 or plans to use in 2015. Also indicate whether you evaluated the activities against goals. Space is provided for a brief description of each activity.

1a. Activities that focus on Adolescents (i.e. ages 11-18) and Parents

	Activity date		Brief description of activity	Measured against goals?
	2014	2015		
Provide printed educational materials (brochures, etc.).	<input type="checkbox"/>	<input type="checkbox"/>		<input type="text"/>
Provide and maintain an HPV immunization website focused on adolescents and parents.	<input type="checkbox"/>	<input type="checkbox"/>		<input type="text"/>
Provide referrals to HPV vaccination services.	<input type="checkbox"/>	<input type="checkbox"/>		<input type="text"/>
Provide one-on-one consultations to adolescents and parents on HPV vaccination.	<input type="checkbox"/>	<input type="checkbox"/>		<input type="text"/>
Provide free or reduced-cost HPV vaccination.	<input type="checkbox"/>	<input type="checkbox"/>		<input type="text"/>

Provide financial incentives (e.g. gift cards) for completing HPV vaccination.	<input type="checkbox"/>	<input type="checkbox"/>		
Provide in-home HPV vaccination.	<input type="checkbox"/>	<input type="checkbox"/>		
Provide alternate site HPV vaccination (school clinics, WIC offices, pharmacies, etc.).	<input type="checkbox"/>	<input type="checkbox"/>		
Provide reminders to adolescents and parents of when adolescents are due for HPV vaccination.	<input type="checkbox"/>	<input type="checkbox"/>		

1b. Activities that focus on Clinical and Health Professionals

	Activity date		Brief description of activity	Measured against goals?
	2014	2015		
Provide professional education (one-on-one, group, or online) on HPV vaccination.	<input type="checkbox"/>	<input type="checkbox"/>		
Provide and maintain an HPV immunization website focused on clinicians/health professionals.	<input type="checkbox"/>	<input type="checkbox"/>		
Provide financial or other incentives to clinical/health professional staff to increase HPV vaccinations.	<input type="checkbox"/>	<input type="checkbox"/>		

	Activity date		Brief description of activity	Measured against goals?
	2014	2015		
Provide protocols to track and report on HPV vaccination rates.	<input type="checkbox"/>	<input type="checkbox"/>		

1c. Activities that focus on Communities and Health Systems

	Activity date		Brief description of activity	Measured against goals?
	2014	2015		
Support community campaigns to raise awareness of the need for HPV vaccination of adolescents.	<input type="checkbox"/>	<input type="checkbox"/>		
Staff community committees, work groups, or roundtables that focus on increasing HPV vaccination.	<input type="checkbox"/>	<input type="checkbox"/>		
Support community groups/collaborations that fund the promotion of HPV vaccination.	<input type="checkbox"/>	<input type="checkbox"/>		

1d. Activities that focus on Advocacy and Public Policy

	Activity date		Brief description of activity	Measured against goals?
	2014	2015		
Support efforts to increase HPV vaccination rates through advocating public policy change.	<input type="checkbox"/>	<input type="checkbox"/>		
Advocate for increasing public funding for HPV vaccination.	<input type="checkbox"/>	<input type="checkbox"/>		

	Activity date		Brief description of activity	Measured against goals?
	2014	2015		
Advocate for increasing public funding for HPV research.	<input type="checkbox"/>	<input type="checkbox"/>		

I. You indicated that your organization provides educational materials about HPV vaccine to adolescents and parents. What is the source of these materials? (This question is only displayed based on responses in Question 1)

- ☐ CDC HPV educational materials in their original form.
- ☐ CDC HPV educational materials modified to meet your organization's needs.
- ☐ Educational materials developed by your organization.
- ☐ Other _____

II. You indicated that your organization provides professional education on HPV vaccination. Who is the target audience for these activities? (Mark all that apply) (This question is only displayed based on responses in Question 1)

- ☐ Clinicians
- ☐ Pharmacists
- ☐ Medical students
- ☐ Nursing students
- ☐ Clinic support staff
- ☐ County health professionals
- ☐ Community health workers/advocates
- ☐ School health staff
- ☐ Volunteers
- ☐ Policy leaders
- ☐ Other _____

2. Several federal and state agencies and non-profit organizations fund HPV vaccination activities, but a complete list of these is not currently available. Indicate below any organizations funding your HPV vaccination activities in the last two years. In addition, if your organization has received funding for HPV vaccination activities from organizations not listed here, please provide their names in the text box indicated by "Other."

- ☐ Have not received external funding for this
- ☐ Centers for Disease Control and Prevention (CDC)
- ☐ National Association of County and City Health Officials (NACCHO)
- ☐ National Foundation for Infectious Diseases (NFID)
- ☐ National Association of Chronic Disease Directors (NACDD)
- ☐ National Cancer Institute (NCI)
- ☐ American Cancer Society (ACS)
- ☐ American Academy of Family Physicians (AAFP)
- ☐ American Academy of Pediatrics (AAP)
- ☐ Society for Adolescent Health and Medicine (SAHM)
- ☐ American College of Obstetricians and Gynecologists (ACOG)
- ☐ Merck
- ☐ Glaxo Smith Kline (GSK)
- ☐ Other _____

3. Below are organizations that engage in activities to encourage HPV vaccination. Indicate which of these your organization has worked with in 2014 or plans to work with in 2015.

- ☐ Centers for Disease Control and Prevention (CDC)
- ☐ National Association of County and City Health Officials (NACCHO)
- ☐ National Association of Chronic Disease Directors (NACDD)
- ☐ National Foundation for Infectious Diseases (NFID)
- ☐ National Cancer Institute (NCI)
- ☐ American Cancer Society (ACS)
- ☐ American Academy of Pediatrics (AAP)
- ☐ American Academy of Family Physicians (AAFP)
- ☐ American College of Obstetricians and Gynecologists (ACOG)
- ☐ Local pediatricians
- ☐ Other local healthcare professionals
- ☐ Local/County health department
- ☐ State health department including immunization branch
- ☐ State education department
- ☐ State hospital association
- ☐ Pharmacies
- ☐ State cancer control coalitions
- ☐ Local cancer control coalitions
- ☐ Local/state immunization coalition
- ☐ National immunization advocacy groups (e.g. IAC, ECBT)

- ☐ Cancer prevention advocacy group
- ☐ Cancer survivor advocacy group
- ☐ Women's health advocacy group
- ☐ Media (print, broadcast, online)
- ☐ Merck
- ☐ Glaxo SmithKline (GSK)
- ☐ Other _____

4. Before implementing the activities you indicated in Question 1, did your organization collect information from clinicians, parents, or other interested parties to identify concerns or barriers to HPV vaccination?

- ☐ Yes
- ☐ No
- ☐ Do not know

5. Does your organization currently use an electronic health record (EHR) system?

- ☐ Yes
- ☐ No
- ☐ Do not know

6. Does your organization currently access you state or region's Immunization Information System (IIS)?

- ☐ Yes
- ☐ No
- ☐ Do not know

7. Does your organization currently track or report HPV vaccination with...

- ☐ EHR
- ☐ IIS
- ☐ Neither one
- ☐ Do not know

Additional Comments and Contacts

8. Please use the box below to provide any additional information about your organization's work to increase HPV vaccination.

9. Who should we contact if we have questions about your answers on this survey?

- ☐ Me
- ☐ My colleague

10. Contact information for colleague.

First Name _____
Last Name _____
Position _____
Organization _____
E-mail Address _____
Phone Number _____

Thank you for taking the time to complete this survey. Please click on the SUBMIT button so your responses will be recorded.

This survey is being conducted by the ACS Statistics & Evaluation Center using Vovici survey software.
